

EASTERN MICHIGAN WOODWORKERS

VOLUME 26 NUMBER 02

October 11, 2011

The October 11th meeting will be held at the **Buffey Elementary** beginning at 7:00PM.
4235 Crosby Road • Flint, MI 48506

Directions: Buffey Elementary School is located off Genesee Road between Richfield and Carpenter roads. Turn west off of Genesee on Crosby Road. Buffey Elementary is on the north side of the road.

Don't forget about the new Meeting Location: Instead of making a turn to the East off Genesee Rd, from the same area, turn West at Crosby Rd (Yellow Blinking Light), and go about ½ mile. Buffey Elementary is on the right hand side. (Check map on last page)

October Meeting: Hands-on, making a hand mirror. **We have changed the pattern and template, from last year,** to try to eliminate some of the problems we had with the handle tearing out. Have your hand mirrors cut and ready for the meeting. Start with a 7 ½ x 12 piece of wood planed down to 5/8 thick and trace the pattern from page 3 and 4. ***If you have an old pattern from last year it will not work with the our new template.*** Mirror glass is \$1.00 this year. ***There will not be a saw at the meeting.***

Upcoming meetings:

- November **Cube in a Cube**
- December **Toys, Toys, Toys**
- January **C&C Demo**
- February **Salad Tongs & Election**

Meeting and Class Requests: Gene has requested that you suggest ideas for meetings and classes. This is a club for everyone your input is needed. Gene is your president and a good leader. You can't learn how to do that special thing that you have been wanting to do, but don't know how, **unless you ask.** EMW is a club made up of many people and some members have special skills they can share. Give Gene or Arnold ideas that you would like to see at MEETINGS or classes. These can be Lectures, Demonstrations or Hands on.

Dues: A new year will be starting in September. As of September 1st you will need to renew your EMW dues. EMW dues are \$15 for one year (September to the next September) Try to have correct change at the meeting or a check pre-written, as a lot of us will be trying to pay our due at this meeting. Dennis Ackerman, 4470 Branch Rd., Flint, MI 48506

Pictures: We have 3 sets of new pictures. Bring your pictures of projects you made. I am making 5 Shaker candle tables and I know that Ken Taylor made some cabinets for a bathroom. Email me the pictures or bring them in an envelope with your name on it and I will take them home scan them and bring them back to the next meeting.. Not having a computer is not an excuse of not showing us your projects.

EASTERN MICHIGAN WOODWORKERS

VOLUME 26 NUMBER 02

October 11, 2011

Need an idea for your next project or how to do a special project.

Have you checked out any of the links on the web site?

<http://emw.djwws.com/links/index.htm> If you don't have a computer ask your grandkids to show you some on them. Take some time and explore some of the links on the web site.

Email Addresses: Email addresses are like unlisted phone numbers. Never give out a email address of a member to a non-member.

It is a communication tool. It is "OK" to send emails to other club members about meetings, EMW business, classes, projects etc.. Don't get in the habit of forwarding them everything you might think is sort of interesting or put them on a Joke list, unless you ask permission first.

A SAFETY NOTE: For all hands on meetings and classes you will need to bring your own safety glasses and ear plugs.

EMW Library: Remember that the EMW Library has many books, plans, magazines, and VHS tapes. Check with Larry Keeman before you spend your hard earned money

Remember if you have something to sell or something for the newsletter, contact Dan Bare dcbare@comcast.net or 6295 Flushing Rd., Flushing, MI 48433

Powderpost Beetle: from Jim Carsten

Here is the site for Timbor. This is an insecticide, antifungus, wood preservative. It comes in powder form that you mix with water. It is not supposed to stain the wood, though it will leave a white crystal powder when dried that wipes right off. It penetrates the wood and is effective for 2-3 years. Powder post beetle is a big problem for all woodworkers. The more wood you have on hand especially rough sawn wood the greater the danger. powder post beetles can infest your stack of wood and ruin it without you even realizing it. I have ordered some and will be testing it shortly. I will check for ease of use, whether it stains the wood, if it seems to effect staining and polyurethaning the wood after it has been applied. I just googled timbor for powder post beetle and this was one of the sites. www.doyourownpestcontrol.com
